Hexagons

Input File: None.

Hexagons are the best polygons! Please output the pattern shown below (For convenience of reading, small spaces were inserted between underscores)

The hexagon overlords can see computer screens (egads!), so please ensure the pattern exactly matches the one shown below.

Input:

None.

Output:

You will output the pattern exactly as shown below.

Sample Output:

```
   _____
  /  ____ \
 / /  __ \ \
/ / /  \ \ \ \
\ \ \__/ / / /
 \ \____/ /
  _____/
```
